Business Education/Secondary Major, BAE

Student Learning Outcomes

Students will:

• be able to apply and integrate the state’s learning goals and essential academic learning requirements in program implementation and assessment and, in addition, be able to identify the diverse needs of students and implement programs and strategies that promote student competency and success;

• be able to create and sustain safe learning environments that prepare diverse students for the workplace, advanced training and continued education;

• model personal and professional attributes and leadership skills that reflect productive life and work roles as well as implement and maintain collaborative partnerships with students, colleagues, community, business, industry and families that maximize resources and promote student self-sufficiency;

• demonstrate workplace competencies in keyboarding and digital input, information technology clusters, information systems management, information processing applications, technical communications, principles of entrepreneurship, business management, accounting & computation, economics & finance, international business and business law;

• demonstrate teaching competence in all areas listed above in Learning Goal four, including career development, work-based coordination, integration of leadership development into the curriculum and management of future business leaders of America (FBLA) activities.
