Nursing Major (BSN)

Student Learning Outcomes

Students will:

• provide competent nursing care to individuals, families, groups and communities through promotion, maintenance, and restoration of health; prevention of illness, and physical, emotional, and spiritual support throughout life span;

• formulate nursing practice decisions using evolving knowledge and research from nursing science, the biological and behavioral sciences and humanities;

• use developmentally appropriate teaching-learning principals to assist clients to achieve their health goals and to assist colleagues to improve the quality of their nursing care;

• provide compassionate, ethical care to individuals of diverse cultures, values, beliefs, and lifestyles;

• demonstrate the values central to nursing practice including: altruism, autonomy, human dignity, integrity, and social justice;

• protect the rights of people to receive optimum care and make informed decisions affecting their health welfare.
