ACT Alumni Survey: 2008-09 graduating Class approximately 2 years after graduation

Alumni Salaries

Salaries of 2008-09 EWU alumni matched the national norm for public colleges:

- 53% of the EWU alumni who are employed earn $30,000 or more per year
- 53% of the Public College national norm who were employed earned $30,000 or more per year

Source: ACT Alumni Outcomes Survey

Note: The ACT norms are based on all respondents to the survey between 2004 and 2010. The results represent alumni who have graduated at any time before the survey is administered. Only 8.6% of the Public College norm sample graduated in 2007 or 2008.
Alumni Employment Status

EWU employment status of the 2008-09 Alumni was similar to the national norm (note: norms are not based on a sample 2 years past graduation)

- 76% of the 2008-09 Graduating Class sample reported being employed 2 years after graduation
  - 79% of the Public College Norm sample were employed
- 12% of EWU alumni were continuing their education
  - 12% of the Public College Norm sample were continuing their education
- 1% of EWU alumni reported being unemployed and not seeking employment
  - 2.4% of the Public College Norm sample were unemployed and not seeking employment
