## Secondary Education Program Continued

### BAE Program Components
- *General University Requirements*
- *Education Program Prerequisites includes WEST-B state test*
- *Secondary Education Courses*
- *Major*
- *Minor*

While no minor is required if one’s major is 60 or more credits, it is strongly recommended that secondary students get endorsements in two teachable subjects, unless one’s major is in a high demand area.

**Students will want to confirm with the Department of Education that the subjects they want to teach are endorsed (approved by the state for teaching purposes).**

### Secondary Education Courses
The required education courses listed below may be taken before, during, or after EDUC 200, Admission to the Teacher Education Program:

- **EDUC 201**, Introduction to Education (3)
- **CEDP 302**, Educational Psychology (5)

**WEST-E**
A subject knowledge test is required in all areas in which one is seeking endorsement to obtain a teaching certificate. The ACTFL is also required for any seeking endorsements in foreign languages.

**FBI Clearance and Fingerprinting** is required for all EWU Department of Education P-12 school experience and for certification. **Fingerprints expire in 2 years so students are expected to keep them current in order to meet the field experience requirement in schools.**

The education program requires a Culture and Gender Diversity course to be taken from the following list:
